### THE WAR IN SAMOA.

Germany Alleges That She Acted on the Defensive, and Blames

AN AMERICAN NAMED KLEIN.

Bayard Recommends Settling the Trouble by the Samoans

SELECTING A KING BY BALLOT.

Text of the Correspondence Between the United States and Germany.

The correspondence between the United States and Germany on the Samoan trouble has been made public. Germany places the whole blame on an American named Klein. Bayard recommends that the Samoans be allowed to settle the matter by electing a King by popular vote.

WASHINGTON, January 16 .- The President's two messages in regard to affairs in Samoa and Havti were laid before the Senate and referred with the accompanying documents to the Committee on Foreign Re-

The correspondence opens with a letter from Mr. W. Blacklock, Vice-Consul of the United States at Apia, giving a record of current events in Samoa from November 7 to 27. They gave an account of the fights between the rival factions and the viceconsul's views on things as they transpired from day to day

Then follows the instructions to Admiral Kimberly from Secretary Whitney contained in the subjoined cablegram, January

Commander Mullan, of the Nipsic, tele graphs by way of Auckland, New Zealand, that a force was landed at Samoa from the German fleet, which resulted in an engagement between the troops of Mataafa and the German forces and the defeat of the latter. He reports that the Germans, in retaliation, bomreports that the German, in retailation, dominated towns, disregarding protests and neutral rights, and that the property and lives of American citizens are in danger. He strongly urges the sending of reinforcements. The German Government claims that the German forces were first attacked, and that war now exists between Germany and that portion of the natives of Samoa engaged in the attack

GERMANY ASES CO-OPERATION. The German Government invites this Government, in the common interest, to join in establishing order in Samoa, giving assurance of careful respect for our treaty rights. The United States Government is willing to cooperate in restoring order in Samoa on the basis of full preservation of American treaty rights and Samoan autonomy as recognized and agreed to by Germany, Great Britain and the United States, and has so informed the German Government. You will at once pro-ceed to Samoa, and extend full protection and defense to American citizens and property. You will consult with the American Vice Consul, examine his archives and otherwise inform sul, examine his archives and otherwise inform yourself as to the situation and all recent oc-currences. Protest against the subjugation and displacement of the native Government of Samoa by Germany as in violation of positive agreement and understanding between treaty powers, but inform the representatives of the German and British Governments of your readiness to co-operate in causing all treaty rights to be respected and in restoring peace and order on the basis of a recognition of Samoan rights to independence, endeavor to Samoan rights to independence, endeavor to prevent extreme measures against the Samoans and to bring about a peaceful settlement. If such arrangement can be made upon that basis you will report the same for approval and you will inform the Government as soon as possible after your arrival in Samon of the condition of affairs and the prospect of a peaceful adjust-ment, and whether Germany was acting impartially between the opposing forces when the

AN AMERICAN NAMED RIGIN. On January 12 Secretary Bayard addressed a communication to Count Arco. the German Minister to the United States, in reply to a statement giving the German version of the Samoan difficulty. The statement of Count Arco is substantially as

after the German commander had given notice of his intention to the commanders of the American and British men-of-war, the reason for landing being that some German planta-tions were in danger. Upon landing the Ger-mans were attacked by the Samoans under the mans were attacked by the Samoans under the command of Klein, an American citizen, and lost 50 killed and wounded. A state of war is therefore declared by Germany, and as an American is alleged to have been in command of the attacking Samoan force, Count Arco is instructed to make complaint to the United States. The treaty rights of the United States and all the rights of the treaty powers shall be respected under all circumstances. The German Government begs the United States to join them in active way to restore calm and join them in active way to restore calm and

In response Secretary Bayard says that he at once communicated to him (the Count) on becoming aware of the allegations that the Samoan forces are led by an American Stationery, pottery, pictures, albums and named Klein, that he had no knowledge many useful articles will open Thursday whatever nor reason to believe that Klein was a citizen of the United States, and con-

MUST MAINTAIN NEUTRALITY. I was certain that he was not, and never had been, in any way connected with its public service, nor acting under color or pretense of its authority. The instructions given to officials of this Government at Samoa have never deviated from those made public, and which were well known to Germany and Grekt Britain, to maintain neutrality in Samoan affairs and confine their action to good offices in the main-tenance of peace and order in those regions and securing protection for American citizens

The Secretary says that before he received the German instructions, orders had been given by the President looking to the pro-tection of citizens of the United States and their property, and that it was with entire readiness that he accepted the invitation of Germany that the United States should "join in an active way to restore calm and quiet in those islands." The Secretary

inrther says: I received also with expressed satisfaction your assurance of the intentions of your Government to maintain and carefully respect the treaty rights of this Government under all circumstances, and this, as I stated to you, necessarily included respect for the existence of Samoan autonomy and independence, which is the basis of the three treaties made with the United States, Germany and Great Britain, the first named being earliest in date. The protocols of the conference on Samoan affairs held in this city in the summer of 1887, by the representatives of the United States, Germany and Great Britain will disclose that although the counference did not produce an agreement as to a complete plan of government for that community, nevertheless on certain points all three Governments coincided, and one of these was the free election by the Sameans according to their own will and custom of a king.

election could now practically be held, and I feel assured that it would do much toward ending the turbulent and bitter discontent which has led to the shocking internecine warfare among these Islanders, and finally involved them in a deeply regrettable conflict with German forces, which is sincerely deplored by the United States.

Rear Admiral Kimberly, commanding our naval forces in the Pacific, has been ordered to proceed in his flagship, the Trenton, to Apia, and I have great conflidence in his wisdom and henevolent discretion, as well as that of the naval commanders of the other national vessels, which have been sent by their respective Governments to the Samoan waters, to promote a satisfactory arrangement, and I take it for granted that the same spirit of comity and perception of the equal rights of all three treaty powers which induce your Government to invite the active co-operation of the United Sittes in restoring law and order in Samoa, will cause instructions embodying the same principles of friendly justice and considerate moderation in framing a plan of settlement to be sent to the German officers in command of the Imperial forces in that region.

There is no obscurity in the several treaties and none whatever in the understanding proposed by the United States and first arrived at hetween the treaty powers in June, 1886, and since then from time to time set forth in their correspondence.

A STRONG ARM Will Protect the Rights of American Citi-

zens in Foreign Lands. WASHINGTON, D. C., January 16 .- The President to-day sent to Congress corre spondence concerning the seizure of the vessel Haytien Republic. In a letter to Minister Preston, dated November 28, 1888 Secretary Bayard takes the ground that the seizure of the vessel was irregular; that she should be restored to her owners, her officers released, and adequate compensation made to both.

He says that it is unnecessary to discuss the charge of attempting to run a blockade, for whether a valid blockade did or did not exist, it is clear that the Haytien Republic had and could have had no notice of it. The legality of the tribunal which examined the charges against the vessel is denied, and it is declared that its proceedings had scarcely a feature of formality and regularity, and no opportunity was given for de-fense. After expressing the belief that the vessel was captured outside of Haytian waters, the Secretary says: vessel

The rights of persons and property of American citizens engaged in business in Hayti cannot be permitted to become the football of contesting factions and their evanescent authority; and the protecting arm of the United States will be interposed for their security. By this it is not intended to include cases of deliberate intermeddling in local conflicts, but merely to rescue our citizens who may be caught in the eddies of local sanguinary emeutes.

Their Only Medicine Chest.

William W. B. Miller, Deerlodge, Montani writes:

"I have been using Brandreth's Pills for the last thirteen years, and though I have had nine children I have never had a doctor in the house, except three times, when we had an epidemic of scarlet fever, which we soon banished by a vigorous use of Brandreth's Pills. I have used them for myself, two or three a night for a month, for liver complaint, dyspepsia and constipation. In diarrhea, cramps, wind colic, indigestion, one or two Brandreth's sia and constipation. In diarries, cramps, wind colle, indigestion, one or two Brandreth's Pills fixed the children at once. A box of pills is all the medicine chest we require in the bouse. We use them for rheumatism, colds, catarrh, biliousness and impure blood. They never have failed to cure all the above complaints in a very few days."

### AN OLD TAX DECISION

Unearthed That Will Compel Private Schools to be Assessed.

A LIQUOR DEALER PLEADS GUILTY Constable McIneirny Charges George An-

derson With Perjury. B. & O. MUST PAY FOR G. M. HITE'S ARM

County Commissioner Mercer yesterday unearthed an opinion of Judge Sterrett's in a Philadelphia case, delivered last November, that will necessitate the assessment of all private school buildings in the two cities, receiving fees from students who have hitherto escaped taxation on the ground of public charity. They will be added sment roll at once, and will have to pay

According to the opinion of Judge Sterrett only such institutions are exempt from taxa-tion that are founded, maintained and endowed by public or private charity. It can easily be seen how the opinion will affect a number of private schools in this vicinity. In the list are the Western University, Curry and Bowman Institutes, Pennsylvania Female Col-lege, Pittsburg Female College, Ursuline Con-vent and others.

WITHOUT A PRECEDENT.

A Liquor Dealer Forced to Plend Guilty for Selling to a Drunkard.

Joseph Anderson yesterday pleaded guilty before Judge Collier to the charge of selling liquor to a person visibly affected by intoxi cating drink. Anderson was bartender for "Oyster Paddy" at the time that Joseph Evans murdered Sadie Pruener. When the murder trial was on before Judge Ewing, Anderson trial was on before Judge Ewing, Anderson testified that Evans, the murderer (convicted in the second degree), had been in the saloon on the night in question, just before the murder, and that he was intoxicated and he had sold him liquor.

When Anderson was brought into court yesterday he was placed in a peculiar position. If he denied the accusation he laid himself open to the charge of perjury on the testimony he gave at the trial of Evans. No recourse was left him, therefore, but to plead guilty. He will be sentenced on Saturday.

This is the first time in the history of some of the oldest court officials that there has been a conviction for this offense.

## Men's Fine \$2, \$2, 50 and \$3 DERBY HATS FOR \$1. .: FOR \$1.

Don's think that these are a lot of old, countrified excuses for modern headgear, for they represent and are THE VERY LATEST STYLES that have appeared this winter season. They are no cheap wool hats, either, but are guaranteed FINE FUR and each hat is satin-lined and has a fine silk band. The very same identical makes, brands and shapes of hats may be seen in the shelves and show windows of other hatters marked from \$2 50 to \$3 50. For reasons best known to ourselves we have concluded to slaughter the entire assortment at the uniform price of \$1. But there is no time to be lost, if you want to take advantage of this offer. We are sure there'll be a regular rush for these unprecedentedly cheap and fine Derbys, and, unless you come in before the end of this week you'll be left out in the cold.

#### HERE'S ANOTHER STARTLING OFFER:

FOR OUR FORMER 98c MEN'S FRENCH SEAL CAPS.

The reader will remember the sensation that was created when we sold these fine Fur Caps at 98c. "It's hardly possible," people said. Well, we sold thousands of them for 98c, and demonstrated to our patrons that what may be an impossibility for other hatters is an easy task for us. We will close out the balance of these fine Fur Caps FOR 49c NOW. But, we can't impress this warning too strongly: DON'T DELAY. BUT BUY AT ONCE. Bargains like these won't wait long for customers. We will also sell genuine Seal Caps, worth \$12, for \$6; Seal Caps, worth \$6, for \$3; Imitation Seal Caps, worth \$4, for \$2.

### SeeOur25cand50cCounters BOYS' HATS and CAPS.

To clean out the balance of our stock of Boys' Hats and Caps we have divided them in two parts, from which we will give choice at 25c and 50c respectively. The 25c counter is loaded down with nobby styles that are worth 40c, 50c, 60c, 70c and 75c, while on the 50c counter you will see none but the finest and most elegant styles of Boy's headgear, that would be cheap at \$1, \$1 25 and \$1 50. To secure these bargains, however, you must call before Saturday night. At these prices the highest piles will melt down like snow before the spring sun.
